

CMA PRODUCT IMPROVEMENT

Effective Date: SEPTEMBER 1, 2014
Log Number: CMA-PI-455
Subject: CMA OPTIONAL 3-DOOR INNER PANEL
Models Affected: E, EST, E EXT, EST EXT, CMA-180, CMA-180 TALL, CMA-180VL, CMA-180VL TALL

CMA Optional 3-Door Inner Panel

CMA offers an optional Inner Panel for the CMA 3D “Corner” models listed below. The Inner Panel can be added to the door opening closest to the wall, on “Corner” models only. The panel will prevent water from spraying on the kitchen wall, when the 3 doors are lifted at end of cycle.

To install the optional panel on “Corner” models, remove the doorstop and discard. Remove the (4) corner door-guide bolts (only), and place the panel into position. Reinstall the “Corner” bolt hardware, and secure panel into place.

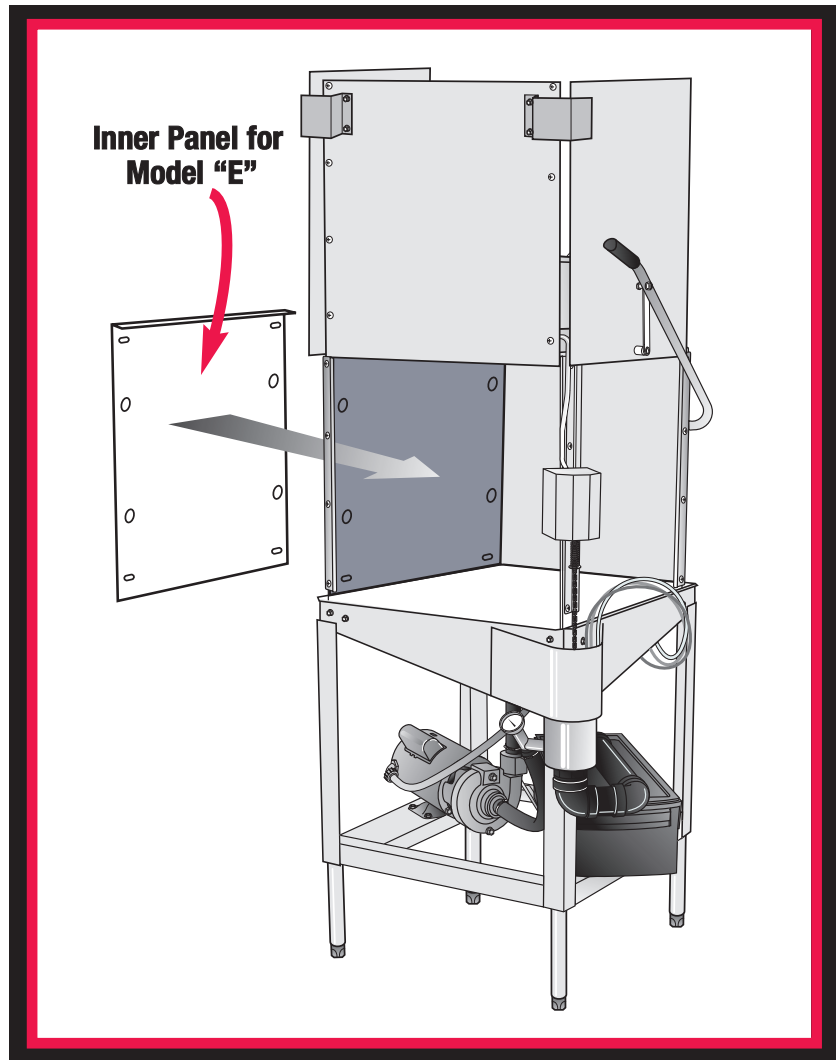

Also Available:

E & EST (3D) Internal Panel (23")
P/N 01540.50

CMA-180 (3D) Internal Panel, 180VL (26")
