

CMA PRODUCT IMPROVEMENT

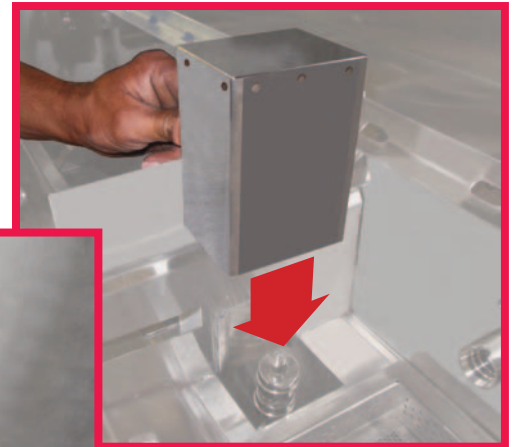

Effective Date: MAY 2016
Log Number: CMA-PI-468
Subject: FLOAT SWITCH BOX
Models Affected: EST-44 , EST-66

Redesigned Float Switch Box

CMA continues to advance our reputation for innovation, based on feedback from our customers. This new design allows for effortless removal, to encourage proper and frequent cleaning of debris that can accumulate on and around the Float Switch. The old design was difficult to access, limiting the ability to remove for cleaning.
